BEST HE SAYSBritain Denounces Criticisms of
English Writers

London, Dec. 9.—P. J. Baker, former president of the Cambridge Athletic Club, in an article published today, came strongly to the defense of the American contenders in last summer's Olympic games at Stockholm and indignantly denounced the British sporting writers who have been criticizing American training methods.

"For months," he said, "our papers have been full of statements that the American runners were guilty of every foul in the calendar. The members of the team have not been saying these things because they know they are untrue and unjust, but against their will and their conviction, they are marked as poor losers by these fabrications."

"Their argument is this: No team can win the Olympic games without training similar to that indulged in by the Americans, such training is professional in nature and in spirit, it reduces the games to the level of commercial enterprises; we cannot undertake it without degrading what has always been for us a splendidly rough and ready sport into a business that is inconsistent with our high ideals of amateurism."

"The American athlete specializes in one or two events, before any race of importance he devotes most of his energies and time to his training. He has a coach who is a professional, he has behind him an organization managed by paid organizers. That is the 'American method,' every single feature of which can be found in an advanced state of perfection in the organization of English racing or English cricket or English football. Who specializes more than the English cricketer? England will win the Olympic games when she is prepared to apply 'American methods'."

GRABS McGOORTY'S CASH.

Sheriff Takes \$2,200 of Eddie's Share From Gibbons' Battle.

New York, Dec. 9.—Eddie McGorty won nearly \$6,000 by his ten-round bout with Mike Gibbons at Madison Square Garden, but when he went around for his envelope he found it \$2,200 short. In place of that amount he found a receipt from Sheriff Harbinger.

This sum was taken to satisfy a judgment obtained by Patrick Callahan, a former manager of McGorty. He says the money was spent in financing a recent trip of McGorty's to Europe. Sheriff Harbinger attached the box office receipts.

After getting away to a miserable start the Pennsylvania eleven came back and defeated Michigan, Carnegie and Cornell.

RENOVED BRITISH
GOLFERS COMING TO
MEET OUR CRACKS.

New York, Dec. 9.—According to a report which has reached this country from England, three of Great Britain's most promising golfers, Edward Ray, the present champion, Harry Vardon, former champion, and George Duncan, are likely to visit America in the course of another season. A short time ago Ray wrote to a friend to the effect that he was contemplating a visit to this country, and that he had hopes of inducing Vardon to accompany him. It is almost certain Duncan will be here next season.

Vardon's tour of America in 1909 was successful from a financial point of view, because of the fact that Americans were anxious to see him play, and it is an easy matter to get matches or give plenty of golf to one professional.

Duncan's visit here a year or so ago also was successful. It is almost certain, however, that Duncan will be in America next season, for he has asked Jack Jolly to arrange a tour for him.

PANS WALTER CAMP.

Westerners Point Out Unfairness of
His Selections.

Herewith is the next and tidy painting handed Walter Camp by some just and probable Wisconsin alumni now writing editorials for the Chicago Inter Ocean.

Walter Camp, Yale's advisory football coach, has performed his annual chump act and picked an "All American" eleven and first and second substitute elevens.

On his "All American" this year Mr. Camp has placed three Harvard and two Yale players and one each from Princeton, Pennsylvania, Dartmouth, Brown, Carleton and Wisconsin.

On the second team, Mr. Camp picks three western players, one each from Wisconsin, Chicago and Iowa, while on his third team he picks one, a Minnesota man.

Thus, of the thirty-three players rated as the best in the country, only five are from western colleges.

Aside from other entirely ridiculous selections the mere fact that a player wears a Yale "Y" seems to hypnotize Mr. Camp. Harvard beat Yale 20 to 9 and yet he puts four Yale men on his "All American."

It's dollars to doughnuts that Wisconsin could have beaten Yale this fall and not half tried.

Our advice to Mr. Walter Camp is, come west, young man, come west!

TIGER VETERANS RETURN

Princeton Will Start 1913 Season With
Old Eleven.

Princeton, N. J., Dec. 9.—Princeton will enter the 1913 football season with a veteran for every position, on the team except center and right tackle, a situation unprecedented in history.

Nine of the eighteen football veterans now in college are reliable for next season and there is a possibility that this number will be increased to eleven if John Logan and De Witt, the punter, remain in college. Pendleton, Penfield, Hinthenthal, Andrews, Dunlap and Wright are the only football stars who will graduate next spring.

SUES PITTSBURGH TEAM.

Pittsburgh, Pa., Dec. 9.—Suit for \$25,000 damages was begun in the United States district court on Thursday by Robert A. Boyle, who seeks to recover this amount from the Pittsburgh baseball club. Boyle attended a Pirates-Giants game September 18 last and was compelled to stand. A foul ball was hit into the stand. In the struggle of the crowd to escape being hit Boyle says he was forced backward over the door of a ventilator and his spine permanently injured.

FOUR HORSEMEN EXPELLED.

Chicago, Dec. 9.—Four horsemen were expelled and two were suspended, pending a settlement of their cases by the board of appeals of the American Trotting association. About seventy-five cases were disposed of, but the majority of them were of little importance.

ITALY TO HAVE
OLYMPIC TEAMWill Make Effort to Land Olympiad
ad Meet in 1920

New York, Dec. 9.—That the Italians practically have the promise of the powers in the international Olympic committee that the 1920 Olympiad will be held in Rome, is the declaration of a gentleman who returned from Europe the other day. This information comes direct from Count Brunetti of Italy, who is the general secretary of the international Olympic committee. Of course, 1920 is a long way off but the fact remains that the Italian already are making plans for the Olympiad that will follow Berlin. They will not do anything about building a stadium until after the Berlin games in 1916, but when they do build the Romans will put up a structure that will put even the old Coliseum in the shade.

If Rome gets the 1920 Olympiad the Italian government will back the affair to the limit, and the athletic world will see a spectacle that will be a world wonder. It was freely talked at Stockholm just after the Olympic games last summer that Baron Colerbert, the president of the international Olympic committee, had already expressed his wish that the 1920 games be held in Paris. At that time a member of the committee stated that Baron Colerbert's expressed wish would be the pleasure of every other member of the committee, and that no doubt France would get the Olympic games eight years hence.

Mayor of Boston May Head Campaign
To Oust McRoy.

Boston, Dec. 9.—It is rumored in sporting circles that Mayor Fitzgerald will start a campaign for 25-cent baseball in Boston if Secretary McRoy of the Boston American league team is not removed from office.

The agitation against McRoy started during the world's series when a band of Boston royal rooters who had attended every game in New York were refused reserved seats at the seventh game of the series, which was played in Boston. The management claimed the tickets were not called for before the time expired. President McAleer of the club says he entertains no idea of letting McRoy go.

YACHT TO MEET LIPTON'S.

Coast Syndicate Raises Purse of \$250,000 to Build.

San Francisco, Cal., Dec. 9.—Two hundred and fifty thousand dollars will be raised by the syndicate organized here to finance the construction of a yacht to contest in 1915 against the Shamrock to be sent to this country by Sir Thomas Lipton.

CALLAHAN AFTER CRAWFORD.

Detroit May Let Peeved Slugger Go—
Quarrels With Cobb.

Chicago, Dec. 9.—When President Navin of the Detroit club comes to Chicago to attend the annual meeting of the American league he will be joined by Manager Callahan of the Chicago Americans, on the possibility of a trade for Wahoo Sam Crawford, reported to be in the holdout class.

GREAT HORSE ON MARKET.

New York, Dec. 9.—Peter Pan, the great stallion owned by James R. Keene, has not been sold for \$100,000. Mr. Keene said today that he did not know how the story originated, and that the horse was still his property, although in the market for a buyer.

"AD NOT IN CONDITION,"
SAYS BROTHER OTTO

Milwaukee, Dec. 9.—For the first time since Ad Wolgast dropped the lightweight championship to Willie Ritchie, Otto Wolgast, the champion's brother, and a local cafe owner, commented on the battle today.

"In lack of proper training, that's the secret," said Wolgast. "If Ad had been in condition I think he would still be king of the lightweight division. I do not think he fouled Ritchie intentionally, for Ad would prefer to lose standing on both feet and fighting to the last ditch."

He refused to predict whether his brother would "come back."

HEFFELFINGER GREATEST.

Walter Camp Pays Tribute to Old Eli's
Great Guard.

New Haven, Conn., Dec. 9.—According to Walter Camp, the Yale advisory coach, Pudge Heffelfinger, the old blue guard, was the greatest football player he ever saw.

When asked the question, Camp said that a recent occurrence on Yale field would show just why he considered Pudge the greatest player of all time. Walter contends that Heffelfinger could do everything as well as any other player, and a whole lot of things that no other player ever thought of doing.

Camp says of Heffelfinger's recent exhibition of his football ability: "Pudge in coaching the Eli guards insisted that they should get into the interference, and they expressed doubt about their ability to do so. Then, Heff, the veteran of twenty years ago, took his place as a guard on the varsity against the scrubs and made the present day players' eyes stick out by demonstrating very clearly how a guard could do what he had asked them to do."

"When a man weighing 250 to 260 pounds and out of the game for about sixteen years—Heff played for the Chicago A. A. after leaving Yale—can step into the line of a 1912 varsity team and show strapping youths well grounded in the football of today, indicates they thought impossible, it indicates rather clearly, that a great football player of the old days is not out of the reckoning when it comes to the selection of the greatest players of all time."

GETS HIS CHANCE.

Bush League Pitcher is Purchased By
Detroit Club.

Detroit, Mich., Dec. 9.—President Navin of the Detroit American league has announced the purchase of Pitcher Herman Nichols from the Wyan-dotte, Mich., club of the Border league.

Nichols, who formerly pitched in the Southern Michigan league, achieved considerable prominence by defeating Mullin and Dubue, two of Detroit's best pitchers, and winning of the Cleveland Americans in exhibition games played after the American league season closed last October. Nichols is a big right-handed twirler.

MONUMENT FOR KETCHEL.

Springfield, Mo., Dec. 9.—As a last token of respect to the memory of Stanley Ketchel, the middle weight prize fighter whose career in the pugilistic world was cut short by an assassin's bullet on the ranch of R. P. Dickerson, near Conway, Mo., Oct. 15, 1910, Col. Dickerson has just erected a beautiful monument to mark the resting place of the former champion in the Polish cemetery near Grand Rapids, Mich.

DAUBERT SIGNS CONTRACT.

New York, Dec. 9.—President Elberts of the Brooklyn baseball club has started early on the task of lining up his talent for next season. Jake Daubert, champion first baseman of the National league, has signed a contract for three years. That insures no holding out or other contention with the field captain for the years 1913, 1914 and 1915.

Boxing was resumed in Grand Rapids the other night for the first time in five years, or since the Harry Lewis-Mike Ward bout, when Ward died.

Tom Sharkey, who used to exchange wallops with the best of the heavyweights, is about to forsake New York for San Diego, Cal., where he will open a hotel.

MAY OPEN THE PALESTRA
ON WEDNESDAY EVENINGGOOD PROGRESS BEING MADE
WITH THE ICE MAKING—
HOCKEY SUNDAYS.

Manager Burke of the Palestra announced today that the big rink may be opened for the winter season Wednesday evening. Excellent progress is being made with ice making, and there is now a bed of about one and one-half inches of good ice. By Wednesday evening, it is hoped the ice will be sufficiently thick for good skating. It is the present plan to have the C. & H. band in attendance to furnish music for skating every evening of the week but Sunday. This is an innovation at the Palestra, the band having been in attendance only Monday, Wednesday and Saturday evenings heretofore. Tuesday and Thursday evenings likely will be available for skating parties this winter, a large number of requests having already been made to engage the rink for such events. Friday night will be reserved for the parties of the Calumet Skating club which are private affairs.

Representatives of the Crescent hockey team conferred with Manager Burke yesterday and were assured that they might use the rink on Sunday afternoons or on evenings between 7 and 8 o'clock, but the boys were promised no entire week night for their games. They are making no effort to conceal their disappointment, for they assert they have little hope of making hockey pay on Sunday afternoons and feel certain the attendance would be poor between 7 and 8 o'clock. As the Lake Linden and Crescent teams were both planning to have their home games at the Palestra, it looks very much as if their chances of making headway financially are poor.

COFFEE SALE POSTPONED.

The coffee sale which was to have been given on Wednesday afternoon, under the auspices of the Ladies' Industrial society of the Calumet Congregational church, at the home of Mrs. Gordon R. Campbell, has been indefinitely postponed. Several of the members of the society are confined to their homes with illness, and it was deemed wise to postpone action.

FIRST TRAIN RIDE

Taken By Mother Aged 113, and Son
Aged 89.

Joplin, Mo., Dec. 9.—Mrs. H. Keith, aged 113 years, and her youngest son, 59 years old, took their first ride on a passenger train recently. The train brought them from their home, several miles from a railroad in Southern Arkansas.

Charles McManamy was the first patrolman in uniform that they ever saw.

"Are you a policeman?" asked Mrs. Keith. "Well, we want you to show us how to get uptown. This is the first time my son and I ever have been in Joplin. We came up to see the sights and are going back home tomorrow morning."

Mrs. Keith needed no assistance as she walked. She appeared much younger than she is and walked with a quick step and with shoulders erect. The son, too, was active.

Mrs. Keith said she has three sons older than the one who accompanied her. The oldest is 83, she said. All live with their mother, or near her home. Her husband was killed in the Civil war.
